

VALUE
VAN RENTAL

WHATEVER YOU NEED, WHEREVER YOU GO

“We have the most diverse hire fleet in Ireland”

Value Vans is a wholly owned and operated Irish company which provides vehicle hire for corporate, local authority and private clients for nearly 15 years. To match our customers changing requirements we continue to expand our fleet, offering the most diverse fleet in the Irish market with over 1000 vehicles ranging from vans, cars, standard and specialist LCVs and a variety of 4 X 4 vehicles. Where necessary we also have immediate access to additional vehicles to meet with our customers changing requirements.

Initially focusing on the local rental market, Value vans has grown and provides complete nationwide service to our customers.

We specialise in various market sectors including, private companies, local and central government, infrastructure services, highways, utilities, facilities management and the events industry. Having Irelands most diverse range of rental vehicles allows us to provide the most flexible service, ensuring we are industry's ideal partner of choice.

Through our one-stop-shop approach to vehicle supply and management we offer tailored flexible solutions 24/7, 365 days a year.

Our diverse solutions include

- Spot, flexible and long-term hire
- Fleet management and consultancy
- Telematics
- Account Management
- Buy and lease back of fleet
- Vehicle Sales

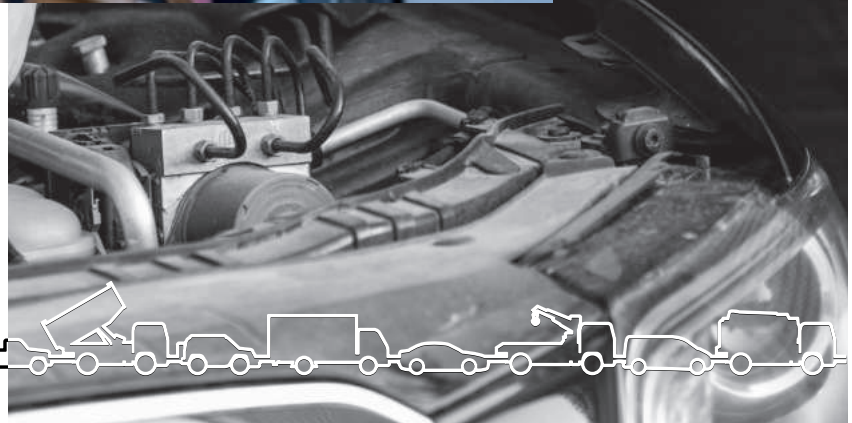

Our impressive infrastructure, combined with our highly trained staff, means that we can cover all eventualities; we have an up-to-date online customer portal which enables bookings and information to be seen in live time and we commit ourselves to customers' requirements and expectations in everything we do. We pride ourselves on meeting and surpassing our customers requirements and expectations in everything we do as a business.

“We provide a complete turnkey service with bases in Northern Ireland and the UK”

Our Maintenance team will manage all break-downs and vehicle defects and our system ensures that you receive:

- 24 hour service, 365 days a year
- Approved agents for recovery services
- GPS tracking for all mobile technicians for quick response
- Replacement vehicles
- On-site tyre repair and replacement
- Glass repair carried out on-site or at the nearest supplier workshop

FLEET MANAGEMENT

Value vans provides tailored, flexible solutions to support our customers in managing their hire vehicle this is for a single vehicle or a large fleet. We support our customers through administration outsourcing to complete whole fleet management, workshop control and consultancy.

We find the solutions to ensure that all fleet management needs are understood and planned to meet all requirements and targets from cost savings and policy improvements to 24/7 driver support. We understand one option does not fit all and offer flexibility in our services which can include:

- Vehicle management and sourcing
- Maintenance management and compliance
- Fleet policies
- Administration, fuel cards
- Contact numbers
- Accident management and consultancy

“We understand one option does not fit all”

TELEMATICS

Through our partnership with telematics providers we offer our customers the opportunity to incorporate telematics and high-tech security options to their vehicle hire package. Telematics allows our customers to track fuel use, driver styles and to plan routes in advance. Allowing this information to be gathered enables informed decisions to be made which allow for a more cost effective fleet.

“Telematics allows our customers to track fuel use, driver styles and to plan routes in advance”

We offer complete vehicle packages to provide full support for events and exhibitions by offering a range of vehicles such as Vans, ATVs, 4x4s, refrigerated and cleansing vehicles. Included in our hire packages is full maintenance, replacements and 24/7 support and breakdown cover.

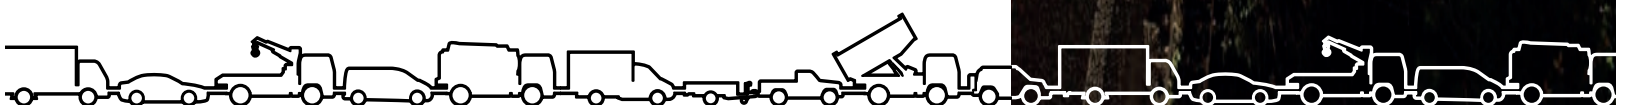

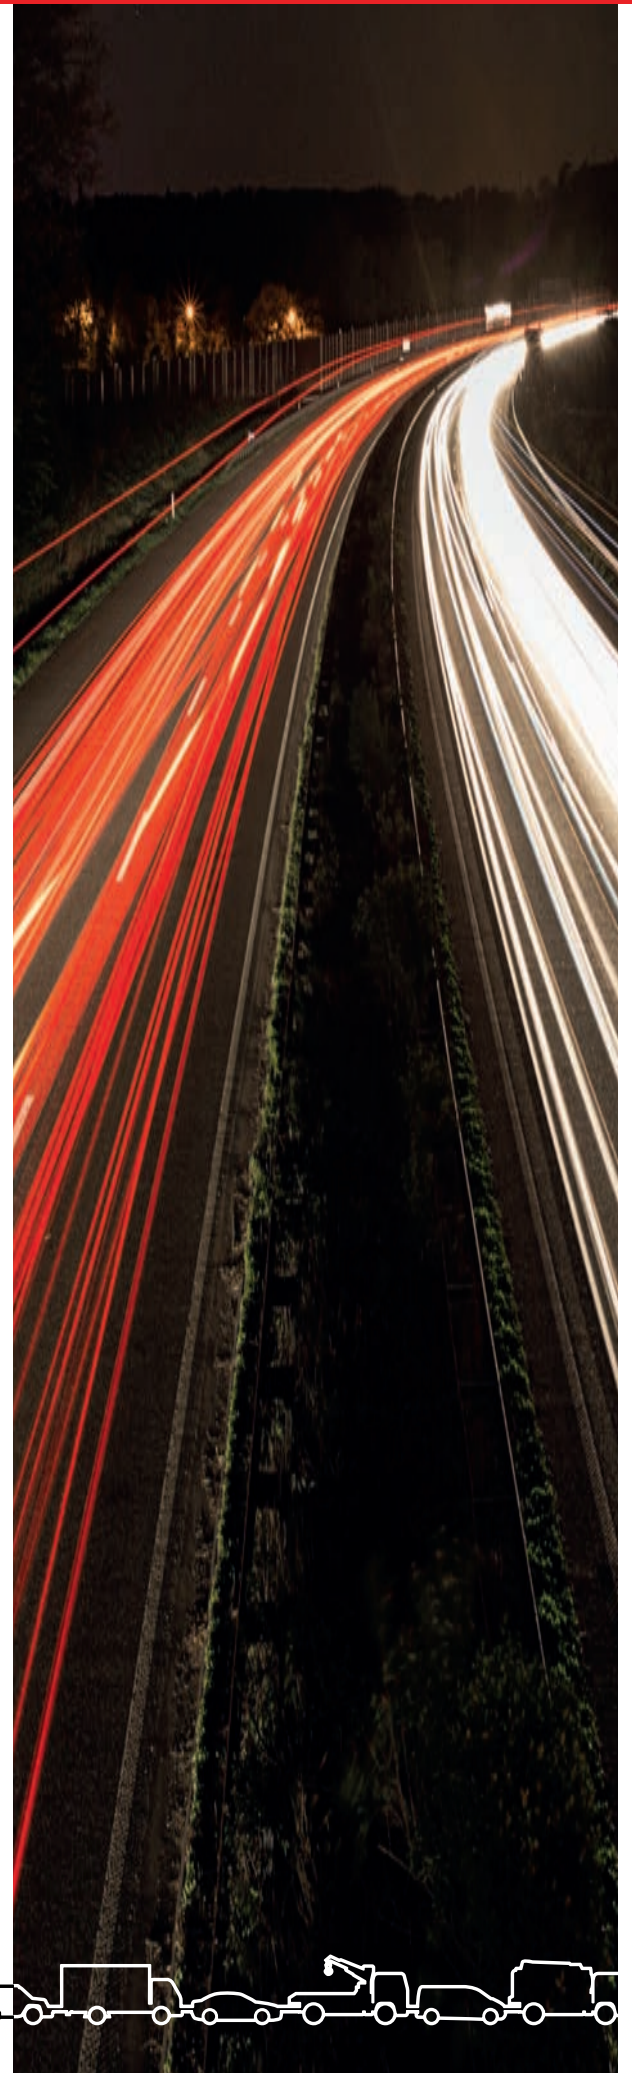

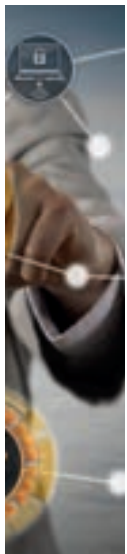

Having the largest fleet of 4 x 4s means we can provide much more than any of our competitors. Our 4 x 4s and ATVs can be fitted with various configurations such as passenger carriers, utility and medical.

“We offer complete vehicle packages to provide full support for events and exhibitions”

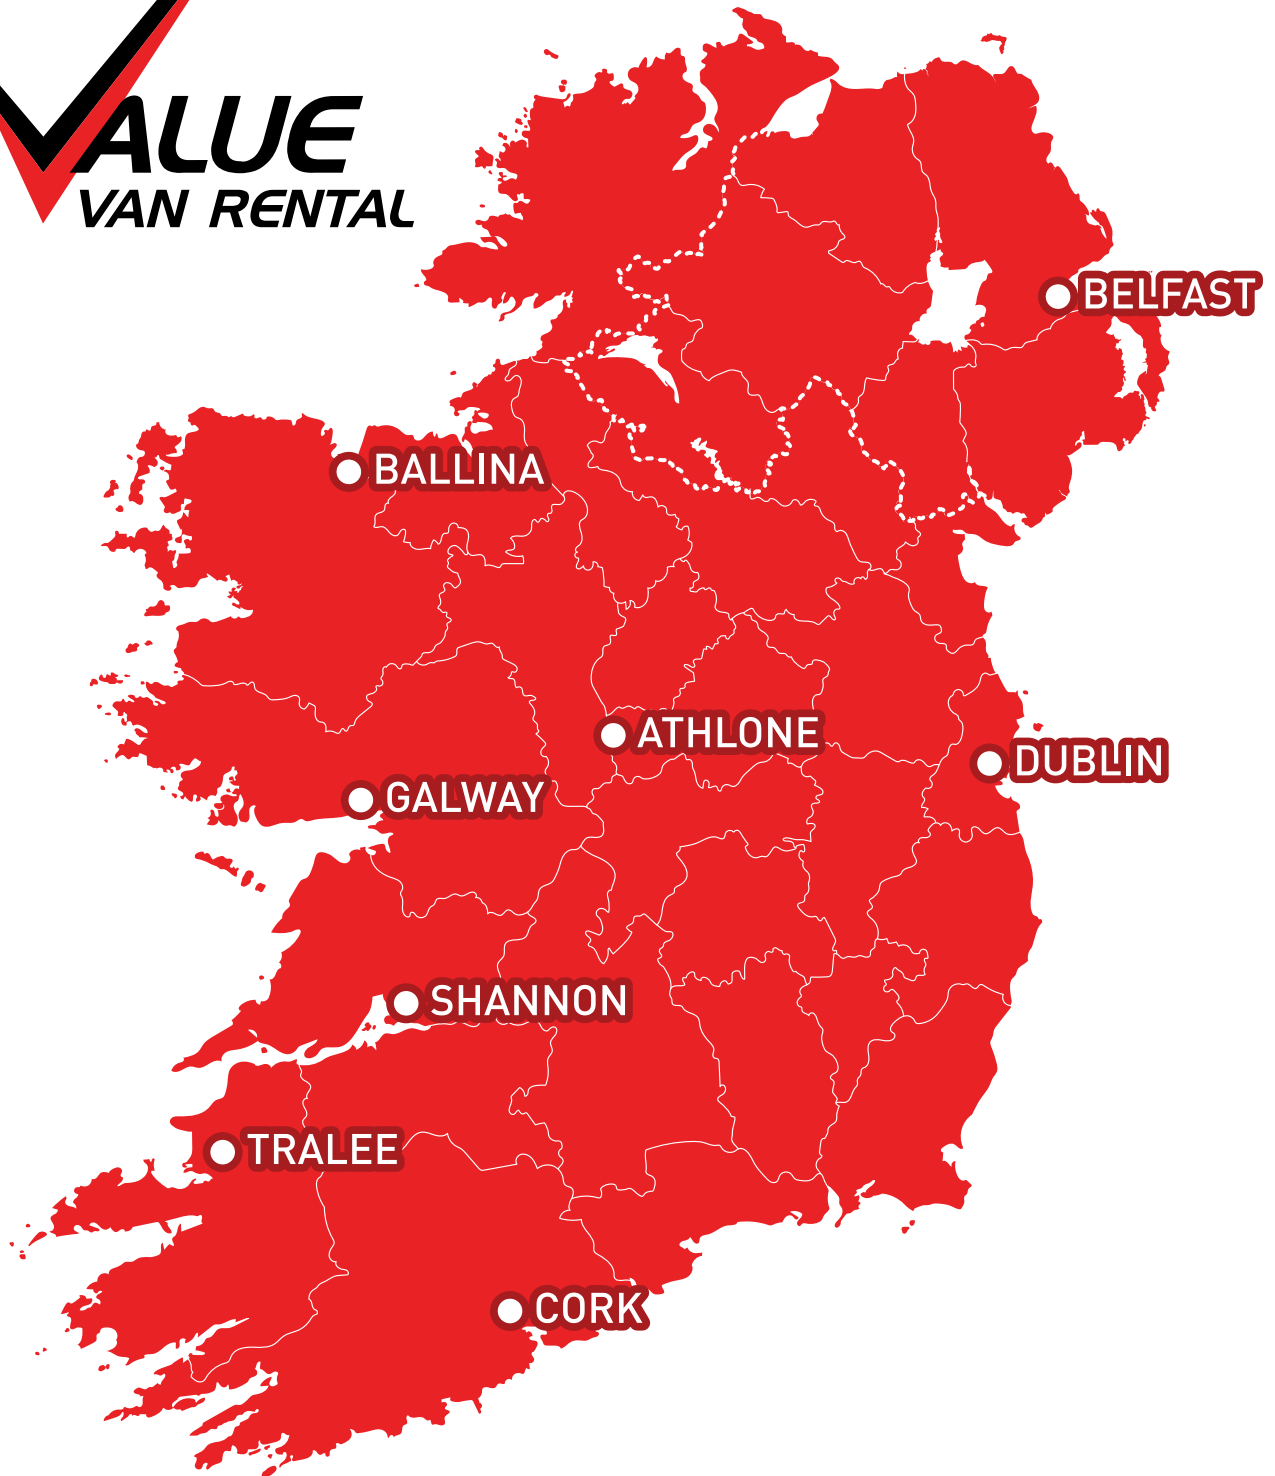

VEHICLE SALES

All our used vehicles are fully maintained to the manufacturers' recommendations with verified mileage and individual service histories. We also ensure that each vehicle has a minimum 40 point check carried out prior to sale.

We can offer full finance packages with part-exchange and provide all used vehicles with a three month warranty. This can be extended to 24 months on request, subject to the vehicle specification.
